Correction: I mistakenly used the date of the petition, June 14, 2017, instead of the date I was served the petition [when I found it in my carport in Arizona as described below] on August 8, 2017, to start the twenty-one (21) day time to respond..

Plaintiff's Attorney: Elizabeth Chichester Morrogh

I received this on August 8, 2017 at 6:38 am, past the dead line to respond. I found it as you see it in my carport. No envelope, nothing to show when it was sent or delivered. No note. Just laying there on a shelf. It was open with a yellow place marker in it, as if someone had been reading it. I wonder if whoever left it took a photo of it with the intent to make it appear as if I had been reading it and had this petition all along?

Dear B&K law firm:

I found a petition in my car port this morning, August 8, 2017, at 6:38 am. No envelope, no transmittal documentation, nothing to show service. No evidence of how and when it got here. Is this to make it appear that I received it before the twenty-one day deadline?

Please send me copies of any evidence you have that would show when this Petition was sent. And when I received it.

It says:

"NOTICE OF PETITION - You are hereby notified that unless within twenty-one days (21) days after such service of this Notice on you, the response is made by filing in the Clerk's Office of this court a pleading in writing, in proper legal form, a decree or judgment may be entered against you by default, without further notice. Done in the name of the Commonwealth of Virginia, on June 14, 2017."

Please notice that August 8, 2017, is more than twenty-one days after June 14, 2017.

How is it possible to ignore this Deed for 24 years? www.book8307page1446deed.com

This after the fact affidavit means the server can make up any date he wants. The petition was not served on July 30, 2017. I found it in my carport on August 8, 2017. It was not there on August 7, 2017. What real time evidence does the server have to show he ever served the petition?
